## WORK EXPERIENCE

### Member Of Technical Staff NEC Corporation India Pvt Ltd

01/2023 - Present

Noida, Uttar Pradesh

#### Achievements/Tasks

- Spearheaded the integration of 3 cutting-edge APIs to streamline internal processes and enhance the accessibility of the application, resulting in increased productivity and improved user experience.
- Leveraged my expertise and critical thinking skills to propose game-changing features, leading to the optimization of test case implementation and improved functionality of the application.
- Provided support for other components in the support tasks and setup of environments.

### Graduate Engineer Trainee NEC Corporation India Pvt Ltd

12/2021 - 12/2022

Noida, Uttar Pradesh

#### Achievements/Tasks

- Elevated my skillset by embracing new technologies, including **Docker** and **Kubernetes**, to build efficient and effective environments for **Microservices** deployment.
- Contributed to one of the **open source** project used in the organisation.
- Demonstrated my versatility and team-oriented approach by offering crucial support across a range of components.

## PERSONAL PROJECTS

### Food villa ( A food ordering app ) (12/2022 - Present)

- Food villa is a **SPA** like Swiggy made with **React**, **HTML** and **CSS**, that utilises **config driven UI** for the data rendering depending on the location of the person.
- Features : search restaurants, loading animations, real production API integration, lazy loading, custom hooks for better utilisation. Tech stack: **React**, **HTML**, **CSS**, **Parcel bundler**, **react-router-dom**, **lazy**, **Suspense**. Tools: **GitHub**, **git**, **Linux**, **CLI**.
- GitHub : <https://github.com/haddercone/Food-Villa>
- App link: <https://robin-food-villa.netlify.app/>

### Text-utils (10/2022 - 10/2022)

- Text-utils is a small text utility application made with **React**.
- Features: text operations like: deleting the text, copying the text from the clipboard, prettify text with the redundant spacing. Tech stack: **React**, **HTML**, **CSS** Tools: **GitHub**, **git**, **Linux**, **CLI**.
- GitHub: [https://github.com/haddercone/Text\\_utils](https://github.com/haddercone/Text_utils).
- Application link: <https://robin-text-utility.netlify.app/>.
