EDUCATION

Indian Institute of Technology, Kharagpur, India   May 2024 (Expected)
M.Tech. in Computer Science and Engineering   CGPA: 8.62/10

Charotar University of Science and Technology, Changa, India   May 2022
B.Tech in Computer Science and Engineering   CGPA: 9.63/10

INTERNSHIP EXPERIENCE

Aavatto Infinite LLP, Ahmedabad, India   Dec 2021 - Apr 2022
Frontend Developer Intern

- Acquired a good grasp of ReactJS, creating stunning page layouts for web apps using HTML, CSS, and Javascript within 3-4 weeks.
- Converted design mockups into fully functional features, satisfying all client requirements and achieving an appreciable client satisfaction rate.
- Employed a meticulous approach to optimizing page layouts, considering various device dimensions and orientations, to ensure a seamless user experience.
- Conducted an in-depth analysis of the project's background and meticulously mapped out the appropriate logic for every functional module, reducing development time.

PROJECTS

ToolPool
Link: toolpool.vercel.app/

- Co-created a comprehensive one-stop platform using React.JS and styled-components, alongside a team member, providing a suite of online tools to streamline day-to-day tasks and boost productivity.
- Developed and maintained the front-end code for 9 out of 15 tools on the platform, including CSS styling tools, text, and image-based tools, resulting in a highly efficient and user-friendly design.
- Created components that seamlessly adapt to over 90% of device dimensions, delivering an exceptional user experience.
- Launched the platform on ProductHunt, achieving a rank of 26 on the "Product of the Day" list, with 40+ upvotes.

DailyDairy
Link: github.com/yashpaneliya/DailyDairy

- Collaboratively planned and developed a mobile e-commerce application for dairy products in a 2-member team (for learning purposes).
- Utilized Flutter framework to build the front-end of the application, allowing for rapid prototyping and efficient cross-platform development.
- Incorporated essential features of a standard e-commerce platform, including a secure payment gateway, integrated using third-party APIs of RazorPay.
- Used Firebase Cloud Firestore and Cloud storage to store and manage user and application data.

TECHNICAL SKILLS

Language:	C • C++ • JavaScript* • Dart	**Database:**	SQL*
Web design:	HTML • CSS	**Frameworks:**	Flutter • React.JS*
Misc:	Git • Firebase • VSCode	*Elementary proficiency*	

ACHIEVEMENTS

- Received merit certificate for ranking 1st in Computer Science and Engineering in B.Tech's semester II.
- Secured second place in Go and Hunt event, a treasure hunt competition themed on coding.

EXTRACURRICULAR ACTIVITIES

- Spearheaded Club Gamma as its Manager, overseeing 7 members and hosting workshops and contests to support the student community in a both technical and non-technical way.
- Coordinated Algorithm Unlock, a coding competition with 120+ teams at Cognizance'19, a National-level tech-fest.
- Share knowledge by blogging on diverse topics including C, C++, ReactJS, and other tech-related topics.
