TECHNICAL EXPERIENCE

Full Stack Development Intern   Nov 2022 — Jan 2023
Permissionless   *Dubai - Remote*

- Designed and developed the front-end of the Permissionless House Pass using **Next.js** and **Tailwind CSS**, resulting in a seamless user experience.
- Contributed to the development of front-end components of the Permissionless Shop.
- Built interactive web-applications with **Next.js**, **Sass**, and **Ant Design**, delivering engaging and intuitive user interfaces.

Full Stack Development Intern   June 2022 — Sept 2022
Gumlet   *Singapore - Remote*

- Developed and deployed an MVP model for an Ed-Tech platform, demonstrating expertise in full-stack development.
- Utilized **MongoDB** to efficiently store data and ensure reliability.
- Implemented **Next.js** as the front-end framework and **Node.js** for back-end to provide a smooth user experience.
- Demonstrated software development expertise through active contributions and solutions to the SaaS Developer community.

Front-end Next.js Developer   Jan 2022 — June 2022
WeFrame.Tech   *Bengaluru - Remote*

- Delivered **8+** web applications using **Next.js** for front-end development and **Strapi CMS** for back-end management.
- Optimized web applications for better **SEO and accessibility standards** (WCAG 2.1).
- Conducted comprehensive **VAPT assessments** and remediated security vulnerabilities.

PROJECTS

CodeHelp   Nov 2022 — Jan 2023

- Developed a learning platform CodeHelp for Love Babbar, a YouTuber with 800k+ followers.
- Used **Next.JS and Tailwind CSS** for the front-end development, and incorporated **Strapi CMS** for easy content management.
- Deployed the platform on **AWS EC2 and CloudFront**, ensuring fast and reliable delivery to over **100k monthly visitors**.
- Built **CodeHelp QuickCompiler** an **online compiler** for C, C++, Java, and Python programs.
- Designed **Fruitbox Flex** an **interactive game** to teach CSS flexbox in a fun and engaging way.

Dar Al Marefa   Aug 2022

- Developed a content-driven website for a Dubai-based school featuring **dynamic pages and responsive design**.
- Utilized **Next.JS for server-side rendering and optimization**, and **Tailwind CSS** for styling to ensure a seamless user experience.
- Incorporated **Strapi as a headless CMS**, allowing non-technical users to easily manage website content.
- Deployed the website using **Vercel**, leveraging its global CDN network for fast and reliable delivery to users worldwide.
- **Implemented SEO** best practices resulting in successful indexing on Google search & improved visibility.

AG Automobile   July 2022

- Built a content-driven website for AG Automobile, an automobile business to showcase their products and services.
- Used **Next.JS** and **Tailwind CSS** for front-end development, providing a seamless user experience and optimized performance.
- Incorporated **Strapi** as the headless CMS for efficient content management and updates.
- Deployed the website using **Vercel**, ensuring fast global delivery and automatic scaling.
