Education

- **Class 10:** North Point Senior Secondary Boarding School | CBSE | 2016 | 93.1%
- **Class 12:** North Point Senior Secondary Boarding School | CBSE | 2018 | Science | 89.6%
- **Graduation:** University of Engineering & Management Kolkata | B. Tech | Computer Science (CS) | 2018 – 2022 | 9.72 DGPA

Skills

- **Programming Languages:** TypeScript, JavaScript, C#, JAVA, Python
- **Other Frameworks:** ReactJS, NextJS, TailwindCSS, .NET, ASP.NET Core Web API, Entity Framework Core, Blazor Webassembly
- **Databases:** PostgreSQL, MySQL, Microsoft SQL Server
- **Developer Tools:** Docker, Microsoft Visual Studio, Microsoft Visual Studio Code, JetBrains IntelliJ, Bash, PowerShell
- **Developer Platform:** Windows, Linux, Microsoft Azure

Projects

- **Next PDF Toolkit**
  A Web Application built with NextJS and TailwindCSS that has various tools for manipulating PDF files.
  Tech Stack: NextJS, TypeScript, TailwindCSS, Microsoft Azure

App Link: https://next-pdftoolkit.subhamk.com

GitHub: https://github.com/SubhamK108/Next-PDF-Toolkit

- ## NextWeather

  A simple weather app built with NextJS and TailwindCSS.

  Tech Stack: NextJS, TypeScript, TailwindCSS, Microsoft Azure

  App Link: https://next-weather.subhamk.com

  GitHub: https://github.com/SubhamK108/NextWeather

- ## #include <TYPE>

  A Full-Stack Web Application that can help a team of N members to manage, maintain and collaborate on their projects.

  Tech Stack: ReactJS, TypeScript, GitHub Pages, C#, .NET, ASP.NET Core Web API, Entity Framework Core, PostgreSQL, Docker, Render.com

  App Link: https://include-type.github.io

  GitHub (Frontend): https://github.com/Include-Type/Include-Type.github.io

  GitHub (Backend): https://github.com/Include-Type/Backend-API-PMS

- ## Blazor PDF Toolkit

  A Web Application written in Blazor Webassembly (C# / .NET) that has various tools for manipulating PDF files.

  Tech Stack: C#, .NET, Blazor Webassembly, Microsoft Azure

  App Link: https://blazor-pdftoolkit.subhamk.com

  GitHub: https://github.com/SubhamK108/Blazor-PDF-Toolkit

- ## BlazorWeather

  A simple Weather App made in Blazor Webassembly.

  Tech Stack: C#, .NET, Blazor Webassembly, Microsoft Azure

  App Link: https://blazor-weather.subhamk.com

  GitHub: https://github.com/SubhamK108/BlazorWeather
