Personal Profile

Innovative Programmer and JavaScript enthusiast looking for opportunity to turn ideas into code and make the world a more unified and connected place.

Projects

Tallo

A web app which helps K12 students decide their career based on their personality traits.

My role: I worked as a frontend developer and managed 2-3 junior developers.
Tech-stack: React, Typescript, Material UI

Thoughtspot Operations Portal

Transformed a legacy Angular codebase into React app with modern tools and best coding practices.

My role: Worked as a senior frontend developer, initialised the project from scratch and did all initial setup.
Tech-stack: React, Typescript, MaterialUI, Monorepo, Webpack

Professional Skills

Programming Languages:

JavaScript, HTML, CSS, TypeScript, Golang

Frameworks/Systems:

React, Bootstrap, jQuery, JSON, Git, Github, Redux, React Context, GraphQL, Node Js, Express, SQL, Mobx, Front-end Development, NodeJS, AWS, Micro-frontend
